Identity thieves are smart. Be smarter with ProtectMyID.

In today's globally connected world, an identity thief could be in another country, another state, even right next door. The scary reality is, you aren't always in control of who has your personal information. But, you can control whether or not you're protected against identity theft, a crime that claims nine million American victims a year.

Thankfully, Experian now offers TFCU members ProtectMyID, an identity theft protection service that monitors your identity on the dark web. With ProtectMyID, TFCU members can get:

Surveillance Alert Notifications

Using three levels of advanced monitoring, like credit monitoring, internet scan and national change of address monitoring, ProtectMyID will alert you by text or email of new activity that could be identity thieves at work.

Lost Wallet Protection

If you ever lose a card or your entire wallet, just call a ProtectMyID agent, and they can help make the calls to cancel and replace your credit, debit and medical insurance cards, no matter how or where you lost them.

\$1 Million Identity Theft Insurance

If you do fall victim to identity theft while you're with ProtectMyID, they'll cover up to one million dollars in fraudulent electronic fund transfers, lost wages, legal fees and private investigator costs.
